Tom McKay –

Mr. McKay, first of all let me say that I greatly appreciated your candor, respect and help the other day on our (New Dominion, LLC) SPCC inspection.

As we talked about, New Dominion, LLC has as of January 6<sup>th</sup>, 2016 “Permanently Closed” our Hughes/Goodnight complex located in Logan County, OK.

REF: Inspection #: SPCC –OK-2016-00039.

All vessels at the complex can no longer communicate with each other or their respective wells. Piping was removed from the vessels, plugged and the containment dike was drained as you requested.

Vessels were sprayed painted, Permanently Closed and dated. (Sorry about the misspelling from the roustabout crew, hard workers but spelling was lacking.)

Attached are 23 pictures to document the procedure.

If you have any questions, please feel free to contact me.

Respectfully submitted,

Tom Chernicky
